New LED light. Philips lighting
This light could provide the same energy hit as drinking a cup of coffee, claim the designers.

LIFI. philips lighting
Allows light waves to be used to transmit broadband from LEDs to computers and tablets.

Identifies which building corresponds to the following image.

Bacardi office building, Mexico. Mies van der Rohe.

UN building in New York. Le Corbusier.

Office building in Novartis, Basilea. Sanaa.

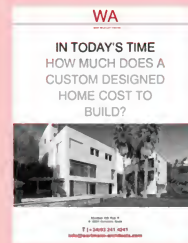

A little bit about myself and why I love what I do.

"I learned from Broner and Sert that a genuine architecture which endures over time can be done with simple means"

-Johannes Wortmann.
